W Careers

AMBITION
A career in Sociology to address social inequalities

Yasmin Leacock

"The College was able to accommodate my quite diverse subject choices and the great community at Woking College meant I settled in immediately and quickly had an amazing friendship group and support system. The maintained independence at College has boosted my confidence and has provided me with the stepping stones from school to university. My EPQ was on discrimination in the Hollywood system and was topical and interesting whilst promoting my independent research and study skills."

Studying: Politics, Psychology and Graphic Design

Previous School: Majora Carter School

What next? Southampton University to study Sociology

AMBITION
A role in politics, business or finance

Sam Tough

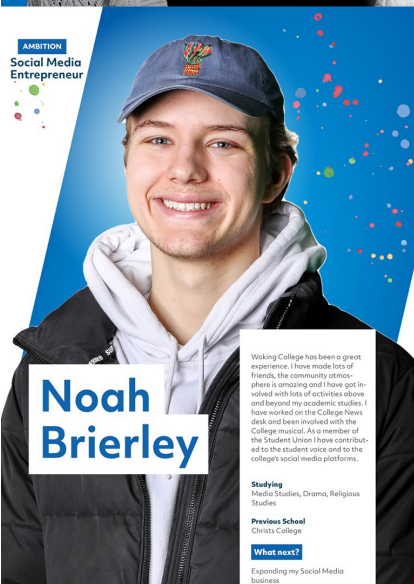

"I have really enjoyed my time at Woking College. Teachers are extremely supportive and always go above and beyond to help expand your knowledge. The friendly and warm community makes everyone settle in easy. I embraced all the College has to offer and was involved in the British Physics Olympiad, the Maths Challenge and the Excellence Programme for both STEM and Humanities. One of my most rewarding opportunities was as President of the Student Union which I worked closely with staff, students and the local community to help make the College an outstanding place to study."

Studying: Politics, Maths, Further Maths and Physics

Previous School: Christ's College, Guildford

What next? PPE (Philosophy, Politics and Economics) at Easter University

AMBITION
Social Media Entrepreneur

Noah Brierley

Woking College has been a great experience. I have made lots of friends, the community atmosphere is amazing and I have got involved with lots of activities above and beyond my academic studies. I have worked on the College News desk and been involved with the College musical. As a member of the Student Union I have contributed to the student voice and to the college's social media platforms.

Studying: Media Studies, Drama, Religious Studies

Previous School: Christ's College

What next? Expanding my Social Media business

AMBITION
Human Rights Advocate

Erin Fitzgibbon

"For me the College has the perfect balance between the continuous support from teachers whilst also allowing the space to develop and grow as an individual. Lessons are always collaborative and thought provoking and encourage you to do your very best. I would not have had the confidence to apply for a top university without the backing of my teachers and personal tutor."

Studying: Geography, English Literature, Spanish and Biology

Previous School: Woking High

What next? Geography at Oxford University

AMBITION
A career in Illustration

Grace Raggett

"The Visual Arts Department at Woking College is a fantastic place to study and I have immersed myself in the varied subjects on offer as well as studying for the Gold Arts Awards and attending the many short courses and lunch time lectures on offer. Creative freedom is encouraged and the art block is a creative hub with lots of exhibitions, trips and visiting speakers. If you love the Arts this is the best place to study!"

Studying: Fine Art, Graphic Design, Photography

Previous School: Woking High

What next? Illustration at Arts University Bournemouth

AMBITION
Scientist in a hospital laboratory or finance

Sayed Fahim Hussain

"I have greatly enjoyed my time at Woking College. The teachers do an amazing job of ensuring you achieve your very best. The College provides so many opportunities. For me, the Excellence Programme, with university trips and interview practice, has helped enormously in my future university ambition. The various science Olympiads helped build my problem-solving skills and extended my subject knowledge."

Studying: Chemistry, Biology, Maths and Further Maths

Previous School: Jubilee High

What next? Biomedical Science at University of Oxford
