

# Careers Bulletin

Monday 28th February 2022

**The Careers Department is open daily from 8.30am to 4pm. We are always happy to see students. To book an appointment please come in person to the office in the LRC. The Careers Bulletin will be emailed to all students weekly, so please look out for it as it includes important information.**

## **Volunteers needed !**

### **The Surrey Half Marathon takes place on 6th March.**

Volunteers are needed for a variety of roles including manning a water station or giving out goodies at the finish line. Inside the leisure centre, they have volunteer roles for the bag storage area.

Any volunteers receive a free race entry to any events on [www.theraceorganiser.com](http://www.theraceorganiser.com), a free meal at the event village - there is pizza, burgers, BBQ, Crepes - lots of yummy food!

If you are interested go to [Invite > The Race Organiser Events Group \(rosterfy.eu\)](https://rosterfy.eu) Create a profile and then apply for shifts in any of our events which are listed on there.

You should select Surrey Half and a list of roles will come up - select one which you prefer.

Once you have selected your preferred shift, you will be contacted with a role brief which will contain everything you will be doing on the day, contact details and timing etc.

**Why should you volunteer? Apart from free race entry and free food, volunteering can be put on your cv, you can talk about it in job and apprenticeships applications and write about it on your UCAS personal statement.**

[Year 13](#)

Our innovators often go above and beyond of what's expected of them. When there's no perfect path, they invent an alternative. Our apprenticeships are designed for engineers and professionals who are open to progress and believe that whatever they do, it should be with purpose. Especially when it comes to the technological future of society here, there and everywhere.

## Why wait to change the world?

University is great for some. But if you want to examine the challenges the world is facing now and get straight to work on the solutions, Siemens is where you'll be a real influencer.

You might want to become an electrical engineer, software architect or commercial leader in the most innovative field there is. We can promise you, there's nothing more exciting and vital than the race to create the technologies our planet needs more than ever.

## We make society sustainable. Here, there and everywhere.

As a globally renowned engineering and technology company, we're an authority in automation, digitalisation and electrification. Think smart cities: we do everything from traditional engineering to AI and IoT, connecting the world so it's more intelligent and sustainable. Affecting how people move, interact and do business through our three cutting-edge business areas – Mobility, Digital Industries and Smart Infrastructure.

### Our apprenticeships

You'll learn the theory one day, then put it into practice on the next. Developing and managing your own projects, with some of the industry's foremost experts as your mentors. You can end up with all the qualifications of a graduate, while being paid to get years of work experience ahead of them.

#### **Advanced Apprenticeships**

3-4 years:  
equivalent to 2 A-levels.

#### **Foundation Degree Apprenticeships**

3-4 years:  
equivalent to a Foundation Degree.

#### **Degree Apprenticeships**

3-6 years:  
equivalent to a Bachelor's or Master's Degree.
