The A level involves -in addition to the topics listed above- a research project, which needs to be completed independently.

To help prepare you for the course and keep you engaged with the German language over the summer choose one or more of the projects outlined below.

The number of flags indicates the level of difficulty of each task. These mirror the progression which you will experience over the course.

We'd like you to bring your findings to enrolment in August, but if you'd like to get in touch about the project, get some feedback or find out more about the course, please email Eva Schildt at [esc@woking.ac.uk](mailto:esc@woking.ac.uk)
